

Need Help with Paying Tuition?

Education Scholarship Tax Credits Will Provide the Support Our Families and Schools Need!

The Education Scholarship Tax Credit legislation in Albany would provide \$150 million in additional funds to help families with paying tuition. Last June, the ETC came the closest ever to passing into law. In fact, after years of approval by the State Senate and with strong support from Gov. Andrew Cuomo, the bill was blocked by only a relatively small number of members of the State Assembly.

Thanks to the advocacy of thousands of religious and independent school parents throughout the state, we are closer than ever to passing this vital legislation into law to help families pay tuition and support our schools!

But, to make it a reality, we need even more families, teachers and staff to help make our voice even louder and to push it over the top. It's easy to ensure your voice is heard loud and clear.

Go to www.ACSINY.org, click on "NY Voter Action Center" and:

- 1) Follow the links to contact your state legislators to urge them to pass into law the Education Scholarship Tax Credit; and**
- 2) Register to Vote - so you can support those candidates who represent your interests.**

Lawmakers in 28 states have provided families with help in paying K-12 tuition. Only with your involvement will our lawmakers ensure families in New York State get the same support.

Get Involved and Register to Vote Today!
