

Champion Christian Middle School Student Profile

The student will possess the following qualities:

1. A desire to grow spiritually or an openness to Christian teachings.
2. A positive attitude which includes the following:
 - A. Desire to be a part of CCS, its classes and activities
 - B. Willingness and ability to grow and learn academically
 - C. Respect for those in authority and also other students
3. The ability to take responsibility for actions realizing that they are role models for others, especially elementary students.
4. A realization that the choices they make have consequences, and that they will be required to accept those consequences (such as detention, in-school suspension, alternate assignments instead of scheduled field trips, etc.) With a proper Christian attitude.

Both the Board and the Faculty feel that this profile clearly identifies the students who will be most likely to flourish in the context of CCMS's mission statement which is to . . . ***provide a quality Christian Education in the context of a distinctly Christian and Nurturing environment.*** It has been our experience that students who do not possess the above qualities not only make it difficult for CCMS to accomplish its mission, but find themselves being frustrated as well. In most cases, there is not much at CCMS for students who do not have a relationship with the Lord, who are having problems with the authority of the school, or who just don't want to be here.

Students and parents must complete the following statements that assess their fit with Champion Christian Middle School. It is our belief that this process will enable students and families to evaluate honestly whether CCMS is the best fit for them educationally. This process, in turn will allow students and faculty too more aggressively and effectively meet our goal of becoming a Distinctly Christian School that provided a high quality education. Together with your student, please complete the following sections respectively and mail to the school as soon as possible.
