Arriving in Sun Valley, Thursday April 8th

Thursday and Friday

Arrive at the school on Thursday, and check into dorms. Bedding will be provided.
All meals will be in the school cafeteria with Native American students and staff.

Divide into teams for various work projects and activities at the school, to be determined by the Working Witnesses program and school administrator.

Some of the activities:

They will teach students how to build a split rail fence, they are going to eventually have the fence all around the 100 acre school.

Renovation of an old dorm

Cleaning out another dorm and getting it ready for volunteer groups in the summer.

Spring cleanup of grounds

Students will also take turns working in the school with the students. They will prepare lessons and Bible studies that they can use during class time for witnessing.

Working with some horses donated to the school.

Evenings: Various activities planned with the Native American children according to weather. School has large gym for inclement weather.

Saturday

High school and group has program with Native American students from 9-11.

After program and lunch, trip to Grand Canyon, returning by evening.
