After dinner eddie will take the group out into the desert and his son will play some worship songs and we'll worship under the stars. This will give your group a time to admire God's creation and the gifts that he has given each of us. We'll talk about the week and get mentally prepared for what's ahead and how God will use you during the next few days. After that we'll return to lodging for a meeting then bed.

You guys can split the kids by age and use both trailers. The school is open to any programs that you may offer. After your hour and a half is up you guys can also spend time with the kids while they eat lunch. After that we'll all return to the lodging facility to eat lunch as well. After lunch we'll begin some service projects. Depending if your team raises funds we could build the ramada that cost around 1,200 dollars but any amount of money could get it started and a later team can finish it. We have a few other projects that are available such as painting at the church, and cleaning up an abandoned house near the church. After that we will eat dinner at the lodging facility. Eddie's association has a trailer full of bounce houses, inflatables, makers, and games. The team will put on a block party for the village.
