

CHAMPION CHRISTIAN SCHOOL STUDENT PROFILE

Students must possess the following qualities:

1. A desire to grow spiritually or an openness to Christian teachings.
2. A positive attitude which includes the following:
 - A. Desire to be a part of CCS, its classes, and activities
 - B. Willingness and ability to grow and learn academically
 - C. Respect for those in authority and also other students
3. The ability to take responsibility for their actions realizing that they are role models for others.
4. A realization that the choices they make have consequences. They will be required to accept those consequences such as (detention, in-school suspension, alternate assignments instead of scheduled field trips, etc.) with a proper Christian attitude.

The board and the faculty feel that this profile clearly identifies students who will be most likely to flourish in the context of CCS's mission statement, "**Committed to academic excellence within a nurturing and distinctly Christian atmosphere.**" It has been our experience that students who do not possess the above qualities, who do not have a relationship with the Lord, who are having problems with authority of the school, only make it difficult for CCS to accomplish its mission.

Students and parents must complete the following statements that assess their fit with CCS. It is our belief that this process will enable students and families to evaluate honestly whether CCS is the best fit for them. This process will allow students and faculty to more aggressively and effectively meet our goal of becoming a distinctly Christian school that provided a high-quality education. Together with your child, please complete the following sections respectively and mail to the school as soon as possible.
