

Application For Music Lessons

One of the opportunities provided for students at Champion Christian School are music lessons. Piano and Instrument lessons have been established as part of the curriculum and have been found to be very beneficial to our students. Lessons consist of theory as well as individual instruction time. Please call the school for additional information or questions about particular instruments. Mr. Richard Zamperini, who is a certified instrumental instructor and has nearly 30 years of experience working with students is in charge of this program.

Interested students will need to commit to regular practice. All students are eligible to apply for our music program. Lessons will begin on Wednesday January 11th and will include piano, all woodwind instruments, and voice lessons.

Lessons will be for ½ hour and the cost is \$8.00 per lesson and will be billed on a four lesson prepaid basis based on the next month. Piano book fees (if necessary) will be in addition to the lesson fee. Books will be available at the school and arrangements can be made with the music teacher (724-455-2122) for instrumental rentals. Students may bring their own lessons.

We will contact you after receiving your application.
Champion Christian School Music Program
