* **#9 & #18**   **Longest Putt** (from the fringe or the green when using a putter)

Putting Contest

The putting contest begins when you register at the course on the putting green and runs until the end of the day when final putt offs occur. The putting green will only be closed from 8:45am to tee off time at 9:00am to assure that players get started on time.

TO QUALIFY

Putt a ball into a circle as is designated on the putting green. Players may purchase three tries for $5.00, and may purchase as many tries as they like and have time to putt. You may only qualify once.

Example: Players may purchase three tries upon arrival at the course while their captain is obtaining their cart and assignment materials. To qualify they must putt one of the three balls into the drawn circle. If they do not putt any of the balls into the circle, then they may choose to purchase three more tries. Players may do this until a ball is putted into the circle. Golfers can return before the end of the event to try again but must keep play on the course moving while participating in the putting contest.

FINAL PUTT OFF

The final putt off will be done in reverse order of qualifying. The last player to qualify is the first to putt. The putt off will be done after the tournament is done, and after other skill prizes have been awarded.

PUTTING CONTEST PRIZE LIST   TBA

> 1st place
> 2nd place
> 3rd place
> 4th place
> 5th place
> 6th place
