

Facility Safety Routes

(Champion Christian Preschool Handbook Updated Policy)

Champion Christian Preschool North Campus

Parking & Walking Safety Routes

- When accessing the North Campus Preschool Facility, all parents and guardians shall park within the indicated parking spaces near the front entrance of the facility (far left of parking lot). Handicapped parking can be found immediately in front of the additional entrance into the facility (middle of parking lot) and additional spaces are available in the rear of the facility at North campus.
- When walking and crossing the parking lot, parents shall note that school busses and vans use the provided lane between the side walks and parking spaces. Safe street crossing practices must be used including looking both ways for vehicles and crossing to the sidewalk utilizing it to enter and to exit the facility at the main entrance.
- Preschool pick-up and drop-off points are located within the classroom. The parents will bring their children directly to the classroom at the appropriate arrival time and assist them in unpacking and settling in for the day. At pick-up time, children will be released from teacher to parents. The parents will remain in the hallway until the classroom door is opened and they are invited to help children pack up, say goodbyes, and walk safely to their cars for departure.
